The Institute of Construction Management (IBL) deals with construction, real estate and infrastructure management in research and teaching with the goals of sustainability and efficiency, in particular through digitization.

For our working area “digitization” we are looking for the following as soon as possible

**Academic Staff Member (m/f/x)**
TV-L EG 13, full-time or part-time, 4-year fixed-term contract

**What to expect:**
- Interesting tasks and topics related to current research at the institute in close interaction with the construction and real estate industry.
- Integration into the institute operations of the IBL, including teaching in the Bachelor’s and Master’s programmes.
- The opportunity to complete a PhD if the relevant requirements are met.
- Personal development through extensive qualification programmes.
- Working in a young, ambitious team.
- A working week of 39.5 hours with flexible working hours and 30 days of vacation per year, supplemented by a job ticket from the state of Baden-Württemberg and family-friendly working time models.
- A 4-year fixed-term employment contract according to TV-L (grouping into pay group 13 TV-L if all requirements are met).

**Personal Requirements:**
You have completed a Master’s degree or diploma course in civil engineering, industrial engineering, e.g. real estate technology and real estate management or a comparable subject at a university with very good results and possibly have already gained initial practical experience. Furthermore, you are interested in interdisciplinary, independent work. A confident appearance, creativity and very good German and English skills enable you to communicate in a scientific environment. In addition, you enjoy working with colleagues, students, and partners from science and industry.

The University of Stuttgart would like to increase the proportion of women in the scientific field and is therefore particularly interested in applications from women. Severely disabled applicants will be given preference if equally qualified. Recruitment is carried out by the Central Administration of the University of Stuttgart. You can view the information on handling application data in accordance with Section 13 of the DS-GVO on the Internet at https://uni-stuttgart.de/datenschutz/bewerbung.

We look forward to receive your application by e-mail to:
Dr.-Ing. Sarina Schmalz
