The Institute of Construction Management focuses on the combination of economic and technical components during construction and the complete life cycle of buildings. Issues related to building law are one of the key aspects of our research.

To strengthen our team, we are looking for a lawyer as soon as possible as a

Postdoc (m/f/x) or
Private Lecturer (m/f/x)
up to TV-L EG 14, full-time or part-time, 4-year fixed-term contract

What to expect:
- Involvement in current research at the Institute in close interaction with the construction and real estate industry and leading international construction law experts.
- Project leadership and further development of the postgraduate program "International Construction: Practice and Law".
- The opportunity to establish your own research group.
- Involvement in the administration and teaching of the institute.
- Personal development through extensive qualification programs.
- Working in a young, ambitious team.
- A working week of 39.5 hours with flexible working hours and 30 days of vacation per year, supplemented by a job ticket from the state of Baden-Württemberg and family-friendly working time models.
- A 4-year fixed-term employment contract according to TV-L (grouping into pay group 14 TV-L if all requirements are met).

Personal Requirements:
You have a university degree and/or a doctorate in law. Furthermore, you are interested in interdisciplinary, independent work. A confident appearance, creativity and very good German and English skills enable you to communicate in a scientific environment. In addition, you enjoy working with colleagues, students, and partners from science and industry.

The University of Stuttgart would like to increase the proportion of women in the scientific field and is therefore particularly interested in applications from women. Severely disabled applicants will be given preference if equally qualified. Recruitment is carried out by the Central Administration of the University of Stuttgart. You can view the information on handling application data in accordance with Section 13 of the DS-GVO on the Internet at https://uni-stuttgart.de/datenschutz/bewerbung.

We look forward to receive your application by e-mail to:
Dr.-Ing. Sarina Schmalz
